# MAJORS

---

“ It says a lot about Millsaps College when the Freshman classes get bigger and brighter every year. ”

-Laura Applewhite

“ If they finally finish the reconstruction of Whitworth and Sanders, Millsaps will have a fresh look. ”

-Shelley Hooter

“ I can hardly wait until they start to build the new sports complex. It will be the best thing that has ever happened to Millsaps. I am sure everyone will get a lot out of it. ”

-Jennifer Sentilles

“ The building of the new Sigma Alpha Epsilon house not only improves the look of Millsaps; but it also gives a look of unity among the fraternities. ”

-Allison Carr

...Even though there are a tremendous number of improvements being made to Millsaps College that undoubtedly affect everyone in our community, we continue to hold on to the long lasting traditions that have given Millsaps the prestigious name it has always had.

## STUDENT LIFE

---

**The** more things change, the more they remain the same...

**Students** continued to gather in the Bowl every day to exchange the latest news, to play some Frisbee, catch some rays, study and scope out the cuties.

**Renovation** work on Sanders and Whitworth progressed through the year, adding a new interior to the traditional looking exterior. In March, the SAE's broke ground on their new house, promising to add a new look to frat row.

**The** bell tower had become an accepted part of campus, and students had become accustomed to its periodic chiming, even at the most annoying times.

**Everyone** looked forward again to Major Madness, that annual spring festival when Millsaps tries to but the best foot forward on fun to attract prospective students. The only question was, "Why can't every weekend be like this?"

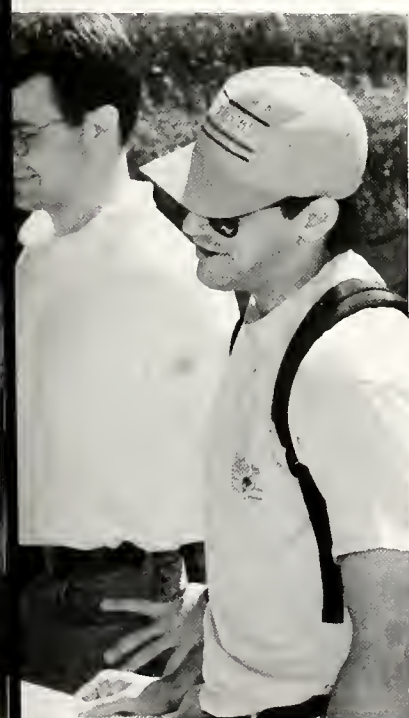

**YUM, YUM.** Marci Songcharoen and Michele Dean sacrifice dirty hands to enjoy the delicacy of crawfish in the Bowl during Major Madness.

**SPIKE IT.** Lambda Chi's in their never-ending quest for the perfect volley ball game practice their moves.

**BETWEEN CLASSES.** Peter Boehm, Hunt Graham, Blake Balzli, and Chris Voigt take their usual after-lunch roost in the Bowl on a spring afternoon.

**A LITTLE PEACE AND QUIET.** Elizabeth Cooper and R.A.'s Patrick Cooper and Emily Crowe find the Student Center definitely calmer during Easter break.

**HELLO, BROTHER!** Matthew Murray, Peter Austin, and Matt Henry take time out of their busy day for a friendly chat.

**HELPING HAND.** Chi Omega Elizabeth Mehrle assists children from Stew Pot in their search for Easter Eggs.

**GET REAL!** Does Carrie Coker really think she's going to get any studying done in the sunshine?

**BUSY, BUSY, BUSY.** Jennifer Beal and Nicole Nichols work in Student Affairs.

**THE CROWD GOES WILD** supporting the baseball team during Major Madness.

-Brad Harrelson

I remember making my brothers carry everything into Ezelle.

-John Myers

The day I was supposed to move-in, I flipped and totaled my Ford Explorer in New Orleans and I walked away without a scratch!

-Amelie Ehrensing

My roommate hired movers and a U-haul to move in. I'm not quite sure how she is going to get out!

-Stephanie Zeber

Two guys agreed to carry in my T.V., so we sent them off in the direction of my dorm. Unfortunately, they did not know which room was mine, so we lost them for about an hour or so.

-Tina Rivers

The toilet overflowed, flooding my room-wetting carpet, clothes, bedsheets, and all!

-Gene Lang

My father looked very old lifting my books from the car to my room. ”

-Lottie Bash

WHERE'S THE ELEVATOR?  
Heavy boxes get heavier on the way up to the third floor.

A TOUCH OF HOME. Guys in Ezelle try to make their new pad a little more like home.

-Joanna Boersma and Jenny Lindner

...And they call this talent? Hey, maybe I should get up there and sing (just kidding)!!!

My Millsaps career dealt with learning how to suck marshmallows on a string during a game show.

-Scott Lewis

Is that really Dr. Sallis?

# HOMECOMING

## Remember when...

“ I remember the day of Homecoming, I was sitting there freezing my butt off, wrapped up in a blanket, while a bunch of KA's were standing around with no shirts on. They had "Go Majors" written across their chests. It must have been thirty degrees!

-Michele DeMarco

I helped work on the Chi Omega float.

-Elizabeth Dyer

It was cold and there were great fraternity parties.

-Chris Nelson

Tri Delta "Tailgate Party" was on Homecoming this year, so all of our families were here for the party and the game. It was great having my family here on that day because it was also my twentieth birthday!

-Michelle Milam

What can I say?...I was shocked! ”

-Seth Berman

Major Madness was unforgettable because I met a ton of new people and you get to experience a rare weekend of excitement at Millsaps.

-Kim Kuhns

I was walking into the Kappa Sigma house, when Brad Price hurled his microwave out of the library window. Then, later that same night, somebody torched a couch. It was *Animal House* on our very own campus!

-Kaara Liskow

Major Madness made me reinstate my liquid diet.

-Mike Stadler ”

**A BOWL OF FRUIT.** Elizabeth Calloway, Amy Palmer, and Katherine Hughes enjoy the fresh fruit.

# GREEK OR NOT

To each his own...

“ Because of Kappa Delta, I have been able to meet some great girls that I otherwise might not have been able to come in contact with on a social level.

-Anna McCracken

It is the fraternity with the most diversity and it did not try to fit you into any molds; Pi Kappa Alpha is a place where you can be yourself.

- Britt Maxwell

Independent life has its advantages, but there are also some drawbacks.

-Emily Schaumberg

I joined SAE because I felt comfortable around and became good friends with many of the people in the chapter. I had no intention of going Greek at the beginning of my freshman year, but when I met the members of SAE, I knew I wanted to be a part of their community. It has been a great opportunity to get to know people on a different level and have a good time at college.

-Eric Navarre

I am independent because I don't like labels.

-Andrew Libby: Gay, Episcopalian, Republican, Scorpio, Thespian, Journalist, Independent

Being independent allows you to be confident and secure without having to deal with the influences of others. ”

-Angela Ahuja

EXTRA EXTRA!! READ ALL ABOUT IT! *The Purple and White* circulates among a table of independents in the cafeteria.

JERSEY DAY. Jennie Spain, Karin Dudley, Claire Shepard, and Allison Carr proudly wear their letters.

**BLOODLINES.** Ken Ball joins the crowd in the Student Center Lounge giving blood in the April Blood Drive.

**A PICNIC WITH PARENTS.** Milly Noble lunches in the shade on Parents' Weekend.

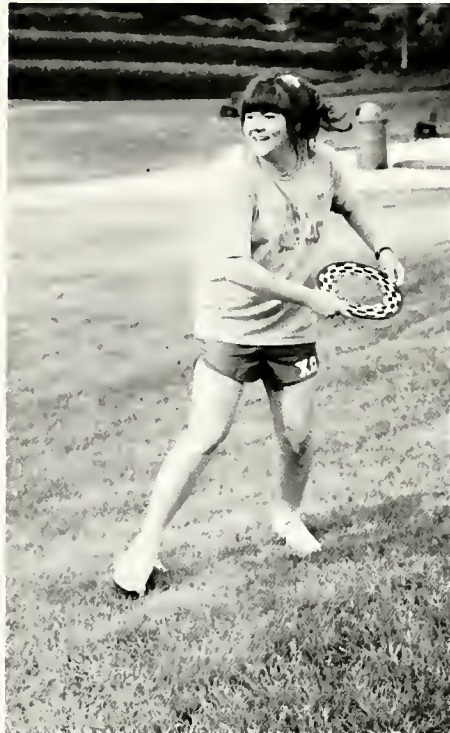

# WHAT'S HAPPENING

## Down there in the Bowl

“ The funniest thing in the Bowl was when that guy wore a blue dress in the fashion show.

-Clinton L. Mayes

**TOSSING AROUND.** Mary Helen Wall plays frisbee with some friends on a spring afternoon.

The International Festival was a cultural way of getting many diverse students involved in a campus event.

-Jennifer Dorsey

One of the most fun things in the Bowl was the Red Beans and Rice Festival. All the sororities and fraternities competed. I thought ours was really bland until I added some potato chips and mustard and ketchup along with some other secret ingredients. But it didn't help - the Pikes won.

-Susan Kasperbauer

I remember some jazz band played in the Bowl one night, and I was dancing with Lori and Anna. Some Sig came up and started mocking us because we were dancing together.

So I kicked him in the butt and he left.

-Jennifer McCormick

Us GDI's come down to the Student Center and watch *Animaniacs*, *Batman*, *The Muppet Show*, *Star Trek* and *DS9*. The whole experience is a culmination of friends gathering and bonding through mindless blather on TV.

It's most fulfilling.

-J.P. Barrett

**STYLING.** Christine Swan shows her style onstage before the crowd in the Bowl in the International Fashion Show sponsored in the fall by the Multicultural Affairs Committee.

**BIG GAME.** Kiese Laymon, David Morrow, Dee Weems, Melanie Peele, Scott Lewis, Tanea Tolbert, Vickie Coleman, Shonda Watkins and Tony Bell react as Arkansas wins the NCAA basketball title.

**HITTING THE BOTTLE.** Scott Lewis, Kelly Dickerson and Derek Arrington compete in the Blizzard of Bucks show.

# LOOKING OUT

## To the next step

“ It’s so hot. At least I have on a swimsuit under this black sauna suit, so I feel fine now. I’ll be sitting on the back row and will be in the sun.

I feel sorry for the guys.

*-Teresa White*

At long last the moment finally came. I felt like I would never walk across that stage and receive that piece of paper for which I had worked so hard.

*-Neal Breakfield*

It wasn’t real until they handed me the diploma.

*-Reema Rafii*

It’s been a great four years, but I feel a sense of accomplishment knowing that it’s behind me.

*-Davis Frye*

I’m old now.

*-Brent Wilson*

This is not the end of the road but the beginning of the journey.

”

P E O P L E

**The** faces change. Some people finish and leave. New ones take their place.

**Still** every year they come from all over the United States and other parts of the world. This year there were students from sixty-one counties around Mississippi, from twenty-five states and from two foreign countries.

**The** 1,336 enrolled was a slightly larger total than before with 94% undergraduates and 6% graduate students. About 10% of the total were Adult Degree Program students.

**One** enduring quality of the school is that it's not only possible, it's likely that students will get to meet most of the people on campus, both students and faculty.

**Even** as new students arrive to replace the ones who have finished, most of the faculty, staff and administration remain, giving the school it's consistency of quality and purpose.

**JUST LOOK AT THOSE FACES.** Millsaps is undoubtedly known for the wide variety of people who attend.

**FASHION IS THE KEY TO SUCCESS.** Caleb Williford walks around during Major Madness socializing with people and showing off his style.

**JENNIFER WAGUESPACK-LABICHE** joins Jennifer Bhatia, and Meg Willoughby in front of the guard post, an everyday sight for students.

**USING HIS USUAL** happy-go-lucky personality, Knox Boteler finds time in his schedule to amuse Rogan Gillespie.

## How do you use your **TALENT?**

**“I chose to be a theater major** because I like the rush that I get before I go on stage.”

*-Chris Morrison*

**“I like to perform before people** so they will know there is talent here at Millsaps. The handbells have performed in Hattiesburg and at the State Handbell Festival. The Chamber Singers have performed all over Mississippi and in St. Louis, Memphis and Chicago. Everyone greeted us warmly at all these places.”

*-Allen King*

**“I’ve been in the theater for almost eight** years, so it’s natural for me. I like the camaraderie with other actors. It’s a good way to meet people if you’re new at the school, as I am. And when the show’s going well, you get so much energy from the audience. A good audience can make a play so much better.

*-Christopher Heit*

**MAKING MUSIC.** Jennifer Reynolds, Cherie Chester, and Emily Crowe work hard to perfect their performance.

# DOING SOMETHING *Extra...*

❑ We have thirty RA's and five RD's who take care of six residence halls.

❑ RA's are selected in the spring of each year. Training is held twice a year, at the beginning of each semester.

❑ RA's are role models and leaders on their floors and develop fun programs for their residents.

❑ Every Spring, there is

an annual RA Spring picnic for current RA's and the newly selected RA's for the next year.

❑ Some programs this year: pizza parties, a "90210" theme party, Candlelight Dinner, Lunar Madness, AIDS/STD forum, Valentine's Day outreach, Midtown Project group, and a study break "run for the border."

**TAKING A BREAK!** Amy Smith, Michelle Milam, and Michelle Pate enjoy the sunshine during the RA Spring Picnic.

# GETTING CLOSE

## A family affair

◆ **One good thing** about the team this year, according to leading scorer Susan Kasperbauer, was that everyone got along really well and had a lot of fun. ◆ **Road trips gave them** a chance to get really close. ◆ **One time on the way to New Orleans**, someone in the lead van figured out that they were going to be late for the game. ◆ **So they pulled over** at a rest stop and threw a bag of uniforms over to the other van and told everyone to get dressed. ◆ **Getting dressed at 65 m.p.h.** is truly a bonding experience. ◆ **The team members felt like a family**, especially since there were two sets of sisters on the team: Michele and Nicole Soho and Susan and Jamie Kasperbauer. ◆ **Most of the team** will be returning next year, but they will lose seniors Michele Soho, goalkeeper Mary Robin Harris, and Molly Nichols.

◆ In a conference of teams loaded with experience, the men's basketball team started the season with only five people returning from '93 and only two with more than a year of college experience. ◆ Point guard Brent Wilson was the only Senior, and four of the five returning lettermen were guards. ◆ Nine members of the team were freshmen, getting their first taste of college competition. ◆ All this made for a tough year on the court, especially in close games. ◆ The Majors actually scored more points altogether than their opponents for the season, and they grabbed more rebounds. ◆ They made a higher percentage of their shots from the field, both inside and outside the three-point line than all their opponents combined. ◆ However, they lost nine games by less than ten points, including a one-point loss to Sewanee and a two-point loss to Fisk. ◆ Honorable Mention All-Southern Collegiate Athletic Conference: Johnny Brunini, J.T. Sanders.

◆ Basketball. (front) Chris Murphy, Johnny Brunini, Gordon Richardson, Aaron Collins, John Garber, Doug Schmitt, Brad Price, (back) Coach Matt Mitchell, Tate Reeves, J.T. Sanders, Santonio Berry, Ryan Casey, Brad Ball, Benjie Leleux, Brent Wilson, Coach John Stroud.

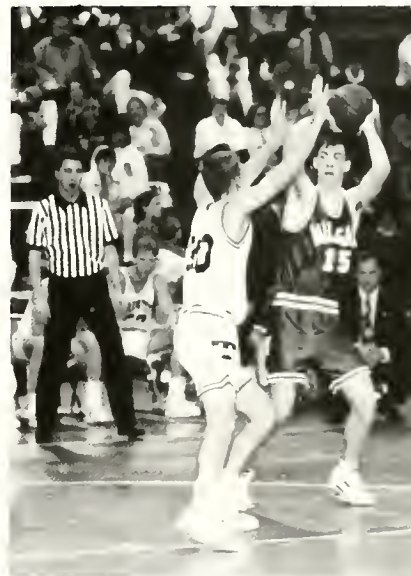

◆ SENIOR POINT GUARD Brent Wilson set records as the school's second all-time assist leader and was first in career steals.

◆ JOHNNY BRUNINI takes a shot in the ten-point home win over Trinity. Johnny averaged scoring 15.3 points per game.

◆ BRAD PRICE was the leading scorer on the team at 16.1 points per game, and he made the highest percentage of three pointers.

◆ JOHN GARBER was second on the team in rebounding with almost six per game, and he averaged scoring ten points each game.

◆ J.T. SANDERS looks for the open man. He had 97 assists on the season while still scoring fifteen points per game.

◆ Practice, practice, practice - two to three hours a day, six days a week. ◆ And it all paid off in the end. ◆ The season didn't look so good at first. ◆ The team started out losing several games before Christmas and then went on a winning streak. ◆ More than half the people on the team were freshmen, and there were only four people returning from last year. ◆ Despite this they managed to pull up into a tie for first in the conference going into the last game of the season. ◆ They lost that last game at Rhodes by just one point and ended up second in the conference. ◆ Coach Cindy Hannon was named Co-Coach of the Year in the Southern Collegiate Athletic Conference. ◆ First Team All-Conference: Alyson Welch. ◆ Second Team All-Conference: Felicia Lofton. ◆ Honorable Mention All-Conference: Molly Stewart, Mary Helen Wall.

Once again the Greek society demonstrated a strong influence on student life. . .

Rush came earlier and was set up to take place two weeks before fall break.

$\Delta\Sigma\Theta$  was added to the established Greek system.

The sororities and fraternities continued with the tradition of making floats for Homecoming.

As usual the Greeks had swaps with exotic themes.

Rush was going through a transition period. They had fewer nights of formal parties, and the process did not take as long.

The Phone-a-thon and Intramurals were competitive as ever.

## PANHELLENIC.

Panhellenic set the rules for rush. They organized a rushee picnic with the children from the Stewpot and awarded two scholarships.

The fact is most employers want someone with experience,  
and you can't get experience just from books.  
You have to get down in the trenches with the rest  
of the workforce and learn by actually doing the job.

Doesn't seem fair, does it?

## ***Acknowledgments***

We would like to acknowledge the immense help and support given by all the people in the Student Affairs Office, but especially Associate Dean Dr. David Sneed and Martha Lee. They were always eager to help in whatever way they could. Steve Watson and Michelle Benoist were special help, too.

We also are grateful to Glenn Allison, Lena Barlow and Sally McLellan in the Public Information Department for trusting us with some of their negatives and prints, even after years of abuse by previous *Bobashela* staffs.

We thank Ron Jurney, Trey Porter, all the coaches and Mark Hinkle for helping us get pictures and information we needed in the Sports section.

We appreciate all the helpfulness of Diane Samples and the rest of the Post Office staff in getting things distributed to mailboxes, handing out yearbooks and so many other things.

Thanks are also due to J.C. Anthony of Graduate Supply and Dave Watson, Jennifer Hoover and Rick Martin at the Herff Jones plant in Montgomery for helping everything go smoothly in the production process.

We are grateful to Bill Morris for the pictures he took for us, and to Tommy Lynch and Photo Plus for coming in at the last minute in the spring to shoot the portraits for the People section.

We would like to thank the teachers and students who were instrumental in gathering information and pictures for all their organizations.

## ***Colophon***

Volume 86 of the *Bobashela* was printed by Herff Jones Yearbook Co. at their plant in Montgomery, Alabama. The press run consisted of nine hundred copies with 148 pages. The in-plant consultant was Dave Watson and the local representative was J.C. Anthony.

The pages were prepared by staff members on McIntosh computers using Aldus Pagemaker 4.2.

The People section portraits were taken by Photo Plus of Jackson, MS. Some of the sports photographs were taken by Mark Hinkle Photography, and some candid photos were supplied by the Public Information Department of the college.

Things changed. Things  
remained the same. . .

For the hundredth time, a class  
walked forward and got a  
diploma from Millsaps College.

Once again the college was  
filled with a variety of graduates  
from headstrong young students  
anxious to continue their  
education to eighty three year  
old Annie Lee Guider finishing  
her history degree.

The Reunion Class of 1944 was  
there also, marching in with the  
graduates, reminding them of  
all the others who have gone  
before and of the long road  
now ahead of them.
